

Jacob's Dram Single Malt Whisky

We have dedicated this special bottling to the founder of the *Langatun* distiller dynasty.

For the whole of the maturation period, *Langatun Jacob's Dram* is stored in selected Red wine barrels. This is what gives the whisky its wonderful, lush complexity.

In 2016, Jim Murray even awarded the title of "Best European Single Malt" to

the *Langatun Distillery's* bottling from a sister barrel.

Remember that the choice of barrel is enormously important, as it creates around 60% of the flavour. This wonderful single malt has an enormous depth of flavour.

Intensely powerful fruit flavours combine with a sweet maltiness to create a complex and rich premium product.

Langatun Distillery AG

As a newly graduated master brewer, Jakob Baumberger founded a distillery on his father's farm in 1857.

In 1860 he took over a small brewery in Langenthal (celtic: "Langatun"), which he subsequently expanded into a flourishing business alongside the distillery. Later his descendants Hans Baumberger

I and II continued the brewing and distilling tradition.

In 2005 Hans Baumberger III took up the vision of his great-grandfather again with the production of the hand-made *Langatun* Single Malts and other distillates of highest quality in best family tradition.
